

Curb

More knowledge and control with smart monitoring technology.

Curb is a smart monitoring device connected to your home's electrical system to give you real-time data so you can make smarter decisions about how your energy is being used.

Curb Helps You Save.

See What's On.

Find out what's on and what's being used in your home right now.

Track Your Costs.

Track your electric costs, based on your utility plan.

Detect Changes.

Identify problems or trends by looking at usage over time.

Take Control.

Curb gives you the power to see your energy usage in real-time and delivers insights so you can take action and save money.
